

Technical Specification (Outman Beam)

Specifications				Parameter
Brand	ARTFOX	Model	Outman Beam 18R	
Name	Outdoor Waterproof Beam light	Color	Black	
N.W	28.7kgs	G.W	34.5kgs	
Size	45x40x70cm	Package dimensions	54x54x74cm	
IP Rate	IP65	Materiel	High-strength engineering flame-retardant plastic chassis	
Optical system		Effect system		
Lamp recourse	Osram SIRIUS HRI 371W	Rotating gobo	no	
Lifespan	1500 hours	Fixed gobo	1 fixed gobo wheel with 13 patterns, variable speed shaking and bidirectional rotation	
Beam angle	2°	Color	1 color wheel with 14 colors + white , which can realize two-way rainbow effect, half-color and linear adjustment.	
Color temperature	3200K-7200K liner adjustment	Prism	2 prisms (8 prism+ 16 prism), can rotate in two directions at variable speed, can achieve superimposing effect	
Dimmer	0-100% Mechanical linear dimming	Frost	1 independent atomization effect, soft and natural light spot	
Focus	0~100% Electronic linear HD focusing	Strobe	1-25Hz fast strobe per second, with pulse strobe, synchronous and asynchronous strobe effect	
Electrical connections		Control System		
Input voltage	110V-240V AC, 50/60Hz;	Mechanical movement	Horizontal scanning angle 540°, vertical scanning angle 270°, automatic return correction and 16Bit precision fine-tuning function	
Power consumption	500W	Communication design	DMX wired/wireless transmission, convenient and fast software upgrade through DMX cable.	
Signal connection	3pin(5pin) IP65 XLR Input/Output	cooling system	Adopt copper pipe + fan heat dissipation structure and temperature intelligent monitoring technology, automatically adjust the heat dissipation system, and effectively control the temperature of the light	
Power connection	IP65 power input	Control protocol	Anto-run, Sound active, Master-slave, DMX512	
Display	Can query the fixture and bulb usage time, it is easy to maintain	Channel mode	16/20	
Other				

Outdoor Waterproof Beam Lights
 Input voltage: 110V-240V AC, 50/60Hz;
 Power consumption: 500W;
 Lamp source: Osram 371W ;
 Lifespan: 1500 hours;
 Color: 14+White, It can be rotated in both directions, the speed is adjustable, and the half-color effect can be achieved;
 Gobo: 13+white Fixed gobo wheel, bidirectional rotation, adjustable speed, support gobo jitter;
 Prism: one 8 prism, one 16 prism, can rotate in both directions, adjustable speed, can achieve superimposition effect;
 Focus: 0~100% linear focusing;
 Frost support;
 Dimming: support 16-bit shutter dimming;
 Strobe: 1-25Hz strobe, adjustable speed;
 Scanning range: X-axis 540°, Y-axis 270°, support XY reversal, scanning speed is adjustable;
 Beam angle: 2°;
 Working mode: Auto-run, sound active, master-slave mode, DMX512;
 DMX channel: 16/20 channel mode;
 Other functions: 6-layer coated high-precision glued optical lens, XY positioning automatic error correction function; the display can query the fixture and the lamp use time. Much easy to maintain; the fans have automatic speed control function; automatically reduces the light source power by 50% when the light is turned off;
 Protection level: high-strength engineering flame-retardant plastic chassis, IP65;
 Size: 45x40x70cm ; N.W: 28.7kgs
 Package: 54x54x74cm ; G.W: 34.5kgs
